# SECTION 1: INTRODUCTION

## WHAT IS THE ALIGNMENT HEALTH PLAN FORMULARY?

A formulary is a list of covered drugs selected by Alignment Health Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Alignment Health Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Alignment Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## CAN THE FORMULARY (DRUG LIST) CHANGE?

Most changes in drug coverage happen on January 1, but Alignment Health Plan may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

## CHANGES THAT CAN AFFECT YOU THIS YEAR:

In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

- If we make such a change, you or your prescriber can ask us to make an

exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Alignment Health Plan’s Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug at a retail network pharmacy or a 31-day supply at a long-term care network pharmacy.

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Alignment Health Plan’s Formulary?”

# SECTION 1: INTRODUCTION

## **CHANGES THAT WILL NOT AFFECT YOU IF YOU ARE CURRENTLY TAKING THE DRUG.**

Generally, if you are taking a drug on our 2020 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2020 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year.

The enclosed formulary is current as of October 1, 2019. To get updated information about the drugs covered by Alignment Health Plan, please contact us. Our contact information appears on the front and back cover pages.

## **HOW DO I USE THE FORMULARY?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins on page number 1. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 100. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the

Index and find the name of your drug in the first column of the list.

## **WHAT ARE GENERIC DRUGS?**

Alignment Health Plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## **ARE THERE ANY RESTRICTIONS ON MY COVERAGE?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Alignment Health Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Alignment Health Plan before you fill your prescriptions. If you don't get approval, Alignment Health Plan may not cover the drug.
- **Quantity Limits:** For certain drugs, Alignment Health Plan limits the amount of the drug that Alignment Health Plan will cover. For example, Alignment Health Plan provides 60 Tablets/30 Days per prescription for Losartan 25mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Alignment Health Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Alignment Health Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Alignment Health Plan will then cover Drug B.

## SECTION 1: INTRODUCTION

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Alignment Health Plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Alignment Health Plan's formulary?" on page V for information about how to request an exception.

### WHAT IF MY DRUG IS NOT ON THE FORMULARY?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Alignment Health Plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Alignment Health Plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Alignment Health Plan.
- You can ask Alignment Health Plan to make an exception and cover your drug. See below for information about how to request an exception.

### HOW DO I REQUEST AN EXCEPTION TO THE ALIGNMENT HEALTH PLAN'S FORMULARY?

You can ask Alignment Health Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Alignment Health Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Alignment Health Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you request a formulary, tiering, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.**

## SECTION 1: INTRODUCTION

Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

### **WHAT DO I DO BEFORE I CAN TALK TO MY DOCTOR ABOUT CHANGING MY DRUGS OR REQUESTING AN EXCEPTION?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply of the drug at a retail network pharmacy or a 31-day supply at a long-term care network pharmacy. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of the medication at a retail network pharmacy or a 31-day supply at a long-term care network pharmacy. After your first 30-day supply at a retail network pharmacy or a 31-day supply at a long-term care network pharmacy, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

You may have changes that take you from one treatment setting to another. During this level of care change, drugs may be prescribed that are not covered by your plan. If this happens, you and your doctor must use your plan's exception and appeals processes. However, when you are admitted to, or discharged from, a long term care setting, you may not have access to the drugs you were previously given. You may get a refill upon admission or discharge to prevent a gap in care.

## BONUS DRUG LIST

(Supplemental Non-Part D Eligible Drug List)

Alignment Health Plan offers a Supplemental Non-Part D Eligible Drug List, also known as a Bonus Drug List, to provide additional coverage to your Part D benefit. The Bonus Drug List includes certain prescription drugs that are not normally covered in a Medicare Prescription Drug Plan. The amount you will pay will be determined by the drug tier. If you receive Extra Help from Medicare to pay for your prescriptions, you will not get extra help to pay for these drugs.

The amount you pay when you fill a prescription for these drugs does not count toward your deductible or "total drug costs" (your payments plus any Part D plan's payments that help you qualify for catastrophic coverage). In addition, tiering exceptions do not apply to these drugs. Drugs available over-the-counter are not covered. Limitations and restrictions may apply. The Bonus Drug List is subject to change at any time.

# SECCIÓN 1 - INTRODUCCIÓN

## ¿QUÉ ES EL FORMULARIO DE ALIGNMENT HEALTH PLAN?

Un formulario es una lista de medicamentos cubiertos seleccionados por Alignment Health Plan junto con un equipo de proveedores de atención médica, que componen las terapias recetadas que se consideran parte necesaria de un programa de tratamiento de calidad. Alignment Health Plan generalmente cubre los medicamentos que se encuentran en nuestro formulario, siempre que tal medicamento sea médicalemente necesario, que la receta médica se presente en una farmacia de la red de Alignment Health Plan, y se sigan otras reglas del plan. Para obtener más información sobre cómo surtir sus recetas, consulte su Evidencia de Cobertura.

## ¿PUEDE CAMBIAR EL FORMULARIO (LA LISTA DE MEDICAMENTOS)?

La mayoría de los cambios en la cobertura de medicamentos ocurren el 1º de enero, pero Alignment Health Plan puede agregar o eliminar medicamentos en la lista de medicamentos durante el año, moverlos a diferentes niveles de costo compartido o agregar nuevas restricciones. Debemos seguir las reglas de Medicare para hacer estos cambios.

## CAMBIOS QUE PUEDEN AFECTARLE ESTE AÑO:

En los siguientes casos, usted sera afectado por cambios de cobertura durante el año:

- **Nuevos medicamentos genéricos.**

Podemos inmediatamente eliminar un medicamento de marca en nuestra lista de medicamentos si la estamos reemplazando con un nuevo medicamento genérico que aparecerá en el mismo nivel de costo compartido o menos y con las mismas o

menos restricciones. También, al agregar un nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra lista de medicamentos, pero inmediatamente moverlo a un nivel de costos compartidos diferente o añadir nuevas restricciones. Si usted actualmente está tomando ese medicamento de marca, puede ser que no le digamos por adelantado antes de que hagamos ese cambio, pero le proporcionaremos más información sobre el cambio(s) específico que hemos hecho.

- Si hacemos tal cambio, usted o su prescriptor nos puede pedir que hagamos una excepción para continuar cubriendo el medicamento de marca para usted. El aviso que le proporcionamos también incluirá información sobre los pasos que puede tomar para solicitar una excepción, y también puede encontrar información en la sección siguiente titulada “¿CÓMO SOLICITAR UNA EXCEPCIÓN AL FORMULARIO DE ALIGNMENT HEALTH PLAN?”

- **Medicamentos retirados del mercado.**

Si la Administración de Drogas y Alimentos considera un medicamento en nuestro formulario sea insegura o el fabricante del medicamento elimina el medicamento de el mercado, vamos a retirar inmediatamente el medicamento de nuestro formulario y dar aviso a los miembros que toman el medicamento.

- **Otros cambios.** Podemos hacer otros cambios que afectan a miembros que actualmente toman un medicamento. Por ejemplo, podemos agregar un medicamento genérico que no es nuevo en el mercado para sustituir un medicamento de marca actualmente en el formulario o agregar nuevas restricciones para el medicamento de marca o moverlo a otro

nivel de costo compartido, o podemos hacer cambios basados en nuevas guías clínicas. Si eliminamos medicamentos de nuestro formulario, añadimos autorización previa, límites de cantidad, y/o restricciones de terapia escalonada en un medicamento o movemos un medicamento a un nivel de costo compartido más alto, debemos notificar a los miembros afectados del cambio al menos 30 días antes de que el cambio sea efectivo, o cuando el miembro solicite llenar un medicamento, en el cual el miembro recibirá un suministro de 30 días del medicamento en una farmacia minorista de la red o un suministro de 31 días en una farmacia de la red de cuidado a largo plazo.

- Si hacemos tal cambio, usted o su prescriptor nos puede pedir que hagamos una excepción para continuar cubriendo el medicamento de marca para usted. El aviso que le proporcionamos también incluirá información sobre los pasos que puede tomar para solicitar una excepción, y también puede encontrar información en la sección siguiente titulada “¿CÓMO SOLICITAR UNA EXCEPCIÓN AL FORMULARIO DE ALIGNMENT HEALTH PLAN?”

## CAMBIOS QUE NO LE AFECTARÁN SI ACTUALMENTE ESTÁ TOMANDO UN MEDICAMENTO.

Generalmente, si usted está tomando un medicamento en nuestro formulario del año 2020 que estaba cubierto al inicio del año, no vamos a descontinuar ni reducir la cobertura del medicamento durante la cobertura del año 2020, excepto como se describió anteriormente. Esto significa que estos medicamentos permanecerán disponibles al mismo costo compartido y sin nuevas restricciones para los miembros que

los estén tomando durante el resto del año de cobertura.

Este formulario está vigente a partir del 1º de Octubre de 2019. Para obtener información actualizada sobre los medicamentos cubiertos por Alignment Health Plan, comuníquese con nosotros. Nuestra información de contacto aparece en la portada y contraportada.

## ¿CÓMO SE UTILIZA EL FORMULARIO?

Hay dos maneras de encontrar su medicamento dentro del formulario:

### Condición Médica

El formulario comienza en la página 1. Los medicamentos de este formulario están agrupados en categorías según el tipo de enfermedad o condición médica para la que se utilizan. Por ejemplo, los medicamentos que se usan para tratar una condición cardíaca aparecen bajo la categoría “Agentes Cardiovasculares”. Si sabe para qué usa su medicamento, busque el nombre de la categoría en la lista que comienza en la página 1. Luego busque su medicamento bajo el nombre de la categoría.

### Listado Alfabético

Si no está seguro en qué categoría buscar, debe buscar su medicamento en el Índice que comienza en la página 100. El Índice proporciona una lista en orden alfabético de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los genéricos aparecen en el índice. Para localizar su medicamento busque en el Índice. Junto al medicamento, usted verá el número de página en el que puede buscar información sobre la cobertura. Vaya a la página que se indica

# SECCIÓN 1 - INTRODUCCIÓN

en el Índice y busque el nombre del medicamento en la primera columna de la lista.

## ¿QUÉ SON MEDICAMENTOS GENÉRICOS?

Alignment Health Plan cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos de los Estados Unidos (FDA por sus siglas en inglés) por tener el mismo ingrediente activo que el medicamento de marca. Generalmente, los medicamentos genéricos cuestan menos que los de marca.

## ¿EXISTEN ALGUNAS RESTRICCIONES EN MI COBERTURA?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites en la cobertura. Estos requisitos y límites pueden incluir:

- **Autorización Previa:** Alignment Health Plan requiere que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que necesitará la aprobación de Alignment Health Plan antes de surtir sus recetas médicas. Si no obtiene la aprobación, Alignment Health Plan probablemente niegue la cobertura del medicamento.
- **Límites de Cantidad:** Para ciertos medicamentos, Alignment Health Plan limita la cantidad del medicamento que cubre Alignment Health Plan. Por ejemplo, Alignment Health Plan proporciona 60 tabletas/30 días por receta para Losartan 25mg. Esto puede ser aparte de un suministro estándar de un mes o tres meses.

- **Terapia Escalonada:** En algunos casos, Alignment Health Plan requiere que primero pruebe con ciertos medicamentos para tratar su condición médica antes de cubrir otro medicamento para dicha condición. Por ejemplo, si un Medicamento A y un Medicamento B tratan la misma condición médica, Alignment Health Plan probablemente niegue la cobertura del medicamento B a menos que pruebe antes el Medicamento A. Si el Medicamento A no le da resultado, Alignment Health Plan cubrirá entonces el Medicamento B.

Para averiguar si su medicamento tiene algún requisito o límite adicional, busque en el formulario que comienza en la página 1. Además, puede obtener más información acerca de las restricciones aplicadas a medicamentos cubiertos específicos, visitando nuestro sitio web. Hemos puesto en línea unos documentos que explican nuestras restricciones de autorización y de terapia escalonada. También puede solicitar que le envíemos una copia. Nuestra información de contacto y la fecha de la última actualización aparecen en la portada y la contraportada del formulario.

Podrá solicitar a Alignment Health Plan que realice una excepción a estas restricciones o límites, o puede pedir una lista de medicamentos similares que pueden tratar su condición médica. Consulte la sección, “¿Cómo solicitar una excepción al formulario de Alignment Health Plan?” en la página XVII para obtener información acerca de cómo solicitar una excepción.

# SECCIÓN 1 - INTRODUCCIÓN

## ¿QUÉ OCURRE SI MI MEDICAMENTO NO SE ENCUENTRA EN EL FORMULARIO?

Si su medicamento no está incluido en el formulario (lista de medicamentos cubiertos), primero debe comunicarse con el Departamento de Membresía y preguntar si su medicamento está cubierto.

Una vez que confirma que Alignment Health Plan no cubre su medicamento, tiene dos opciones:

- Puede pedirle al Departamento de Membresía una lista de medicamentos similares que estén cubiertos por Alignment Health Plan. Cuando reciba la lista, muéstresela a su médico y pídale que le recete algún medicamento similar que esté cubierto por Alignment Health Plan.
- Puede solicitar a Alignment Health Plan que realice una excepción y cubra su medicamento. Lea a continuación para obtener información sobre cómo solicitar una excepción.

## ¿CÓMO SOLICITAR UNA EXCEPCIÓN AL FORMULARIO DE ALIGNMENT HEALTH PLAN?

Puede solicitar a Alignment Health Plan que realice una excepción a nuestras reglas de cobertura. Existen diversas clases de excepciones que puede solicitar.

- Puede solicitar que cubramos su medicamento aunque no esté en nuestro formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado y usted no podrá solicitarnos el medicamento a un nivel de costo compartido menor.

- Puede solicitarnos que cubramos un medicamento del formulario a un nivel de costo compartido menor si el medicamento no está en el nivel de medicamentos especializados. Si se aprueba, esto reducirá la cantidad que paga por su medicamento.
- Puede solicitarnos que anulemos las restricciones y límites de cobertura para su medicamento. Por ejemplo, para ciertos medicamentos, Alignment Health Plan limita la cantidad del medicamento que cubrirá. Si su medicamento tiene un límite de cantidad, puede solicitar que anulemos el límite y cubramos una cantidad mayor.

En general, Alignment Health Plan sólo aprobará su solicitud de excepción si los medicamentos alternativos que están incluidos en el formulario del plan, el medicamento de menor costo compartido o las restricciones adicionales de uso no fueran tan efectivos para tratar su condición y/o le provocaran efectos adversos para la salud.

Debe comunicarse con nosotros para que tomemos una decisión inicial de cobertura para una excepción al formulario, al nivel de cobertura o a una restricción de utilización. **Cuando solicite un formulario, nivel de medicamento o una excepción de restricción de utilización, debe enviar una declaración de la persona que emite la receta o de su médico para justificar su petición.** Generalmente, debemos tomar nuestra decisión dentro de un plazo de 72 horas tras haber recibido la declaración de respaldo de la persona que emite la receta. Puede solicitar una excepción expeditiva (rápida) si usted o su médico consideran que su salud podría verse gravemente afectada si espera una decisión durante 72 horas. Si se otorga su excepción rápida, debemos

# SECCIÓN 1 - INTRODUCCIÓN

comunicarle una decisión antes de 24 horas tras recibir la declaración de respaldo de la persona que emite la receta o del médico.

## ¿QUÉ DEBO HACER ANTES DE HABLAR CON MI MÉDICO ACERCA DE CAMBIAR MIS MEDICAMENTOS O SOLICITAR UNA EXCEPCIÓN?

Como miembro nuevo o ya existente de nuestro plan puede que esté tomando medicamentos que no formen parte de nuestro formulario. O bien, puede que esté tomando un medicamento que forma parte de nuestro formulario pero que la capacidad para obtenerlo sea limitada. Por ejemplo, quizás necesite nuestra autorización previa antes de poder surtir su receta. Debe hablar con su médico para decidir si debe cambiarlo por un medicamento adecuado que esté cubierto o solicitar una excepción al formulario para que cubramos el medicamento que usted toma. Mientras habla con su médico para determinar el curso correcto para su caso, probablemente cubramos su medicamento en ciertos casos durante los primeros 90 días como miembro de nuestro plan.

Para cada uno de sus medicamentos que no aparezca en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, cubriremos un suministro temporal para 30 días. Si su prescripción está escrita por menos días, le permitiremos que rellene su medicamento para un suministro máximo de 30 días. Después de su primer suministro de 30 días, no pagaremos por estos medicamentos, aunque ha sido miembro del plan menos de 90 días.

Si usted es un residente de un centro de cuidado a largo plazo y necesita un medicamento que no está en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, pero usted

ha pasado los primeros 90 días de membresía en nuestro plan, vamos a cubrir un suministro de emergencia de 31 días de ese medicamento mientras usted que usted obtenga una excepción de formulario.

Es posible que existan cambios que lo lleven de un ambiente de tratamiento a otro. Puede que durante este periodo de cambio en la atención le receten medicamentos que no están cubiertos por su plan. Si ello ocurre, usted y su médico deben utilizar los procesos de su plan para solicitar excepciones y apelaciones. Sin embargo, cuando se le admite en un centro de atención a largo plazo o es dado de alta de uno, es posible que no tenga acceso a los medicamentos que le estaban dando. Usted puede conseguir una reposición del medicamento durante el proceso de admisión o cuando le dan de alta para evitar una interrupción en la cobertura.

## LISTA DE MEDICAMENTOS ADICIONALES

(Lista suplementaria de medicamentos no elegibles para la parte D de Medicare)

Alignment Health Plan ofrece una lista suplementaria de medicamentos no elegibles para la parte D de Medicare, también conocida como Lista de Medicamentos Adicionales, para proporcionar cobertura adicional a su beneficio de la Parte D. La lista de medicamentos adicionales incluye ciertos medicamentos recetados que normalmente no están cubiertos en un plan de medicamentos de Medicare. La cantidad que pagará será determinada por el nivel de los medicamentos. Si recibe ayuda adicional de Medicare para pagar sus medicamentos, no recibirá ayuda adicional para pagar estos medicamentos.

La cantidad que usted paga cuando usted llena una receta para estos medicamentos no cuenta para su deducible o “costo total de medicamentos” (sus pagos más los pagos del plan de la Parte D que lo ayudan a calificar para la cobertura catastrófica). Además, las excepciones de nivel no se aplican a estos medicamentos. Los medicamentos disponibles sin receta no están cubiertos. Limitaciones y restricciones pueden aplicar. La Lista de Medicamentos Adicionales está sujeta a cambios en cualquier momento.
